

TERM 3 • 2025

# THE SCOOP - SPECIAL EDITION

NEWTON MOORE EDUCATION SUPPORT CENTRE

## WELCOME

PRINCIPAL JO VAN DER PLAS

This term we have a special edition of The Scoop, focusing on the **NMESC Expo and Whole School Highlights**. If you weren't able to join us for Expo, and get a look at all the wonderful learning students have been engaged in this year, here is your peek into the event.

Parents and guests browsing the stalls learning all about our Workplace learning program.

F6 students learnt research skills as they investigated countries from around the world.

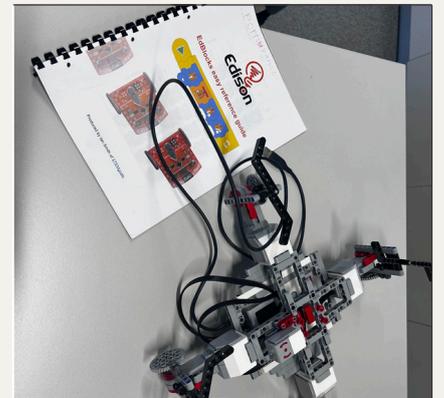

E4 created their own worlds including flags and national animals.

E11 Group 1's awesome Cubeez creations

Group 2 from E11's very colourful display of leaf wreaths inspired by indigenous art.

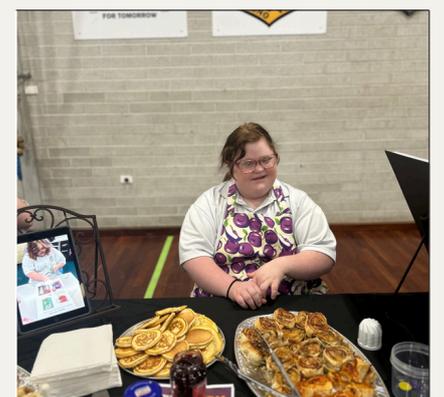

Excellent lego work by a G8A student who have looked at technology around the world.

Our Workshop students showcasing their wonderful wares

Mr Ethan Robinson and students from F6 with all their fabulous research work

G1A showing off their amazing cooking skills

Staff members giving their approval for classroom G1's beautiful artwork

F1's wonderful work on display

G1A with their amazing Cubeez creation

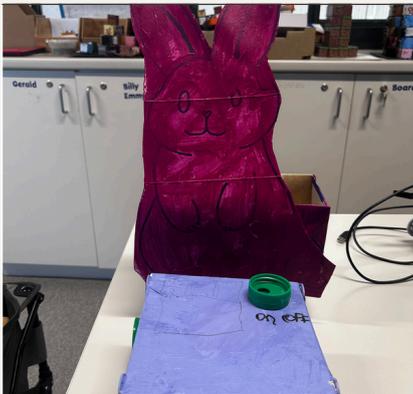

G8A student showing off his musical talents

E4 certainly worked hard inventing their countries.

A chance to win a prize with your knowledge about wild animals.

G8a's technology inventions- do you know what these robots might do?

Beautiful jewellery by students in E11.

F6 did some great work on countries

F1's Aussie Optimism learning has helped them learn emotions.

E7 have created towers, sprinklers and the Sydney Opera House. they have been busy!

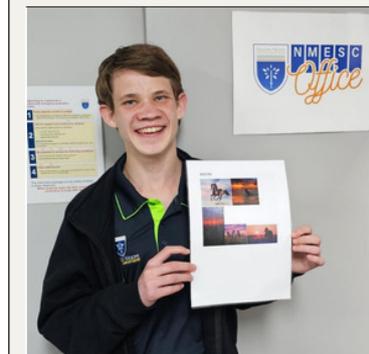

Item's creations this term have involved alot of sewing.
